

# Green Infrastructure and Stormwater Management Plans

(2.0 PDH CONTINUING EDUCATION CREDITS)

- Date:** Wednesday May 1, 2012
- Time:** 6:30 PM to 9:00 PM (Registration begins at 6:00 PM)
- Location:** Domenico's Restaurant Pizzeria (516) 735-5535  
3270 Hempstead Turnpike, Levittown, NY 11756
- Cost:** DPCLI Members - \$10 (with reservation) \$20 (pay at the door)  
Non-Members - \$20 (with reservation) \$30 (pay at the door)  
**Pizza and Soda Included Only**

**INSTRUCTOR:** Vincent Lee, P.E., LEED AP, Arup Associates

## DESCRIPTION:

Water is a critically important resource. How water is handled is a key to the success of a LEED project. Learn how to incorporate water efficiency, rainwater harvesting, and reclaimed water into your LEED projects. Enlightened leaders in the environmental engineering field have been developing innovative solutions that will forever change how we think of and handle water.

## Longer version:

Our water bodies suffer from combined sewer overflow and our eco-systems are polluted and need repair. The need for green streetscapes is arising throughout the U.S.; a move that involves a multi-disciplined approach that includes: architects, landscape architects, urban designers, transport planners and others. Review the background of sustainable stormwater management and how it can be integrated into green infrastructure projects. Several case studies will be explored.

## KEY WORDS:

Water management, stormwater, wastewater, eco-systems, sustainable stormwater, bioswales, water efficiency

## LEARNING OBJECTIVES:

1. Describe water supply and demand and how they affect water conservation
2. Analyze why green streetscapes are needed
3. Identify the key components of water conservation programs
4. Compare the roles played by different disciplines in a green streetscape project

Identify the key components of water conservation programs

## OTHER INFORMATION:

Attendees to this session will be awarded 2.0 AIA LU/ HSW/ PDH/ LA CES/ GBCI CE – Contact Hours, *which are accepted by New York State & New Jersey for Professional Engineers, Registered Architects, Landscape Architects and Land Surveyors*

**AIA Course Designation:** TBD

## PLEASE POST:

Please make checks payable to DPCLI. Reservations on a first come, first serve basis. Seating is limited.
